

RAJU KUMAR S

Bengaluru, Karnataka | +91 8197225946 | rajukumarsam4@gmail.com | [LinkedIn](#) | [GitHub](#) | [Portfolio](#)

PROFESSIONAL SUMMARY

Operations and analytics professional with 7+ years of experience in KPI reporting, SLA management, and stakeholder operations across mortgage and client servicing environments. Transitioning into Data Analytics through hands-on projects in SQL, Power BI, Tableau, and Python, with experience building business intelligence dashboards, operational reporting systems, and analytical solutions across aviation, retail, and real estate datasets. Strong foundation in translating business operations into data-driven decisions.

SKILLS

BI & Visualisation: Power BI (DAX, Star Schema, Power Query) | Tableau | Dashboard Development

Data & Databases: SQL | PostgreSQL | Data Modelling | Data Cleaning & Validation | EDA

Python & Analytics: Python (Pandas, NumPy, Scikit-learn) | Data Analysis | Automation

Analytics: KPI & SLA Reporting | Root Cause Analysis | Business Intelligence | Storytelling with Data

Operations: Advanced Excel | Stakeholder Reporting | Process Improvement | Git & GitHub

PROJECTS

U.S. Airline Performance & Delay Analysis | PostgreSQL, SQL, Power BI, DAX

Jun 2026

[GitHub](#) | [Portfolio](#)

- Analysed 1M+ flight records in PostgreSQL — built a cleaned view, 6 KPI SQL views using window functions and RANK() OVER, covering on-time performance, delay causes, and cancellation rates across 14 airlines and 315 airports.
- Built a 3-page Power BI dashboard with DAX measures and geographic congestion map — surfacing that weather drives only 5.44% of delays while carrier and late aircraft issues account for nearly 70%, with a 23-point OTP gap between best and worst airline.

Retail Sales & Inventory Intelligence System | PostgreSQL, SQL, Power BI, DAX, Excel

Jun 2026

[GitHub](#)

- Designed a 9-table PostgreSQL relational database with 10 analytical SQL queries and 4 reusable views to analyse sales, inventory, staff output, and shipment health across 3 stores and 1,600+ orders.
- Delivered a 3-page Power BI dashboard revealing Baldwin Bikes drives 67% of revenue (\$5.2M of \$7.69M) while 39% of all orders are delayed or unshipped, concentrated in high-value product categories.

Real Estate Investment Advisor | Python, Scikit-learn, Streamlit

Apr 2026

[Live App](#) | [GitHub](#)

- Built predictive pricing and investment scoring models on 250,000 Indian housing records using Python and Scikit-learn, with feature engineering covering Infrastructure Score, Floor Ratio, and Price Segment.
- Deployed as a live Streamlit application providing investment recommendations and confidence scoring for property decisions.

KPI & SLA Operations Dashboard | Power BI, DAX, PostgreSQL, Star Schema

Mar 2026

[GitHub](#)

- Built an operational analytics dashboard tracking KPIs and SLA compliance across 10,000+ records using PostgreSQL, star schema modelling, and three Power BI pages with DAX measures for breach rates and trend analysis.
- Directly mirrors the SLA reporting environment from First American India — demonstrating how 7 years of operations experience translates into a production-ready BI solution.

WORK EXPERIENCE

Data Analyst Intern | Labmentix | Bengaluru

Apr 2026 – Present

- Delivered 4 end-to-end analytics projects across SQL, Power BI, Python, and Excel, building client-ready BI solutions in aviation, retail, and real estate domains.
- Developed KPI-driven SQL views and interactive Power BI dashboards on 1M+ airline records, surfacing operational insights including delay cause attribution and airport congestion patterns.
- Built predictive pricing and investment scoring models on 250,000 housing records using Python and Scikit-learn, deployed as a live application for real-world investment decisions.
- Designed a 9-table relational database and delivered BI dashboards for a retail inventory system, identifying key revenue concentration and order fulfilment gaps across 3 store locations.

Client Servicing Manager | Xarm Experiential | Bengaluru

Jul 2024 – Aug 2025

- Managed operational performance across 8–10 concurrent live events, developing Excel-based tracking systems for budgets, vendor milestones, and client deliverables while maintaining strong SLA adherence throughout.
- Analysed project risks through weekly ops reviews and escalation tracking, enabling issue resolution 48+ hours before deadlines and reducing last-minute escalations.
- Tracked project budgets ranging from ₹10–25 lakh using structured reporting frameworks, consistently delivering within approved budget ranges across a 14-month tenure.

Subject Matter Expert | First American India | Bengaluru

Dec 2021 – Jun 2024

- Maintained high SLA adherence across reporting cycles by overseeing quality assurance, performance reporting, and title and settlement record processing for a 10+ member team.
- Designed Excel-based KPI and SLA scorecards tracking 5+ performance metrics, enabling weekly root cause analysis that reduced recurring error categories within two quarters.
- Trained and mentored 20+ associates on process standards and performance metrics, driving measurable accuracy improvements and adoption of the scorecard framework across the team.

Senior Process Associate / Process Associate | First American India | Bengaluru

Jan 2018 – Nov 2021

- Processed and validated 100+ title and settlement records daily, maintaining accuracy above team benchmarks and supporting consistent SLA performance standards.
- Built Excel-based performance trackers to analyse output, turnaround time, and error rates, identifying improvement opportunities and supporting SLA compliance.
- Promoted from Process Associate to Senior Process Associate within 2 years, recognised for consistent accuracy and a self-driven approach to performance tracking.

CERTIFICATIONS

Deloitte Australia — Data Analytics Job Simulation

May 2026

Forage — practical tasks in data analysis and forensic technology.

Tata Group — Data Visualisation Job Simulation

April 2026

Forage — executive question framing, chart selection, Tableau Public visuals, and client presentation.

Accenture Australia — Technology Consulting Job Simulation

April 2026

Forage — modular design, process flow diagrams, and agile user stories.

EDUCATION

Certified Data Analyst — SkilloVilla

April 2026

Accredited by FutureSkills (Nasscom) & Wipro | Certificate ID: 7B2BYUMF

B.Com in Finance — Dayananda Sagar Institutions, Bengaluru

2014 – 2017
